

Air Combat Command

Ground Safety Award of The Quarter

TSgt JASON SCHOENBECK

TSgt Jason Schoenbeck organized and implemented a comprehensive Lockout/Tagout program for the 726th Air Control Squadron. He established Maintenance Operating Instructions and an in-depth training plan that covered all affected equipment within the squadron. The 355th Wing Safety and Occupational Health Specialist, responsible for the wing Lockout/Tagout program, lauded his program and uses it as an example for others to follow. TSgt Schoenbeck also developed a squadron job safety-training outline recognized as the benchmark for the 366th Wing Safety programs. He also constructed a squadron briefing covering Operational Risk Management and other safety topics for Air Combat Command's Safety down day. Due to the shift schedules to support Operation NOBLE EAGLE, TSgt Schoenbeck took it upon himself to go from shift-to-shift to ensure everyone got the briefing without interfering with their assigned duties.
